

WARNEMÜNDER WOCHE

Press release

8th July 2012

The first sailing day already celebrated the first winners of the races during the 75th WARNEMÜNDER WOCHE

The Warnemünde-Cup was repeated today

The weather conditions in Warnemünde were amazing. The temperature was at 25 degrees and a clear blue sky created a good humor upon the sailing participants and the visitors, although in the morning there was only a gentle breeze.

The races which took place on the east part of the territory could start at first. Further west the wind took longer to build up and allow the races to start. Since yesterday all the races became canceled due to the fog, most of today's sailing classes had only a few hours to compete.

At the ranking list races of the 470-dinghies Malte Winkel from the Schweriner Yachtclub (steering) and Till Zarntcke from the Segelsportverein Hohen Viecheln e.V. (foredeck hand) were at first successful with a second place, but needed to move one place lower after a protest of Annette Patrunky and Frank Thieme from Berlin. At the end the winners of the race were three teams with an equal scoring.

Also the 505-dinghies managed all in all only two races. At the start there were 18 boats. Lennart (22) and Frederik (23) Tasche from Gronau in Nordrhein-Westfalen made two first places and ended up winning the regatta. The siblings have been participating for already many years at the WARNEMÜNDER WOCHE, among others with the 420-dinghies. By the way, their price was a BBQ. Lutz Stengel and Arne Lanatowitz from the Rostocker Yachtclub became third.

The ZK 10 cutters were sailing four races. The best positioning from a local was accomplished by Malte Sauerbrey (SSV Rostock) with his crew, consisting of three more males and two females. Sauerbrey, from Warnemünde, won with his boat "Habakuk II" also the German Championship in 2011 and reflects positively

WARNEMÜNDER WOCHE

on the past season. "Such nice weather and such wonderful sailing conditions are rare on regattas. Next time, he would like to have the race closer to the shore to be more visible for the public. That way they could attract more young people for the cutter sport. The winner of the regatta was Joachim Engbers and his team with the cutter "Preussen" from Berlin.

„We have decided that after the two Up & Down races there should be a third race in order to replace the cancelled Warnemünde-Cup of yesterday" said the head of the racing committee, Uli Finckh in the evening. At the two Up & Down there were 49 boats participating, subsequently at the Warnemünde-Cup were 39 boats starting.

All in all there were around 660 participants on the water. Also the International German Championship in OKs started today. Up to now, André Budzien from the Schweriner Yacht-Club is at the leading position after the two races of today.

The winner of the 18th beach handball tournament was frenetically celebrated

The two girls, Josephine Zädow (l.) and Paula Liebelt, from the Bad Doberan sport club were motivated and determined to be as competitive as possible in the 18th beach handball tournament, with a starting field of 25 teams. Unfortunately they did not make it beyond the intermediate round and ended up on the 21st place. Never the less, the participation is what matters.

The winner of the women's tournament is the Rostocker Beach Club e.V., the winner on the men's side is the team "Acker-Spritz-Pieper" after a highly emotional final. The organizer, Eckhard Pedde, is happy about the successful event and invited already to the next year's tournament in 2013.
